

Public and Occupational Health in Sustainable Agriculture

A hybrid conference

August 21-24.2022 Odense, Denmark

Homepage: <https://dasam.dk/agriohs2022/>

Scientific Committee Rural Health:
Agriculture, Pesticides, Organic Dusts

OUH
Odense
University Hospital

Objective

The scientific program will cover major topics related to current research and solution implementation in occupational health and safety (OHS) in agriculture.

The program will encompass presentations on health and safety issues, the work environment, and sustainable alternatives for reducing negative health effects and environmental pollution.

Who should attend?

This event is aimed at junior and senior researchers; occupational health practitioners, agronomists, occupational/industrial hygienists, SHEQ managers and specialists; social security managers and representatives from governmental departments, regulatory authorities, employers, employees, unions, industry, academic institutions and professional societies.

A hybrid conference

In this event people can attend by physical or virtual presence. We hope this will attract more people dedicated to agricultural health from all over the world. The program in the mornings with keynotes and roundtable discussions will be available online, while the orals and poster sessions will be for those physically attending the conference.

Conference Topics

Surveillance, diagnosis and prevention of occupational diseases and injuries; musculoskeletal disorders; pulmonary diseases; stress and other psychological distress; exposure hazards and toxic effects of hazardous substances (pesticides and others); cancer; hearing loss; infections e.g., covid 19 and zoonosis; health issues specifically affecting women and children; reproductive health and child labor.

- Community health - Effects of air pollutants and other exposure to hazardous substances in agricultural communities and among consumers.
- Climate Wise Agriculture

Speakers

The conference will bring together keynote speakers from universities, social partners and agricultural institutions providing opportunities for learning and sharing experiences, collaborating and networking.

Venue and Accommodation

The conference will be held in Odense located on the Island of Funen in the very center of Denmark, with enticing tourist attractions in the most beautiful natural surroundings. The conference venue will be Dalum Landbrugsskole <https://dalumk.dk> and accommodation is available at the conference center, as well as in nearby hotels. It will be the participant's responsibility to book directly with the conference center or respective hotels. Information on nearby hotels can be found at www.trivago.dk

Social Program

The conference will coincide with the yearly Hans Christian Andersen fairytale festival in Odense that will provide various entertainment opportunities for conference participants and accompanying persons.
